With 1921 Schools in the TCF Schools Programme, around 400+ are government adopted schools and rapidly growing network of Foundation Assisted Schools (FAS) supported by the Sindh Education Foundation (SEF).

TCF schools are landmarks in the communities

Our schools are situated right in the heart of the community

And easily accessible to children

TCF SCHOOL
AFTAB TAPAL CAMPUS

WELL COME

Most of our schools have playgrounds where students play and interact with one another

Our classrooms are spacious and well-lit, to create a stimulating learning environment for our students

TCF schools have functional labs, libraries and art rooms

TCF's Early Years Programme enables children to develop strong language skills and the ability to think independently

In TCF Secondary classrooms, digital learning is in full swing!

With an all-female faculty, TCF schools are enabling more female students to get quality education

Assessment

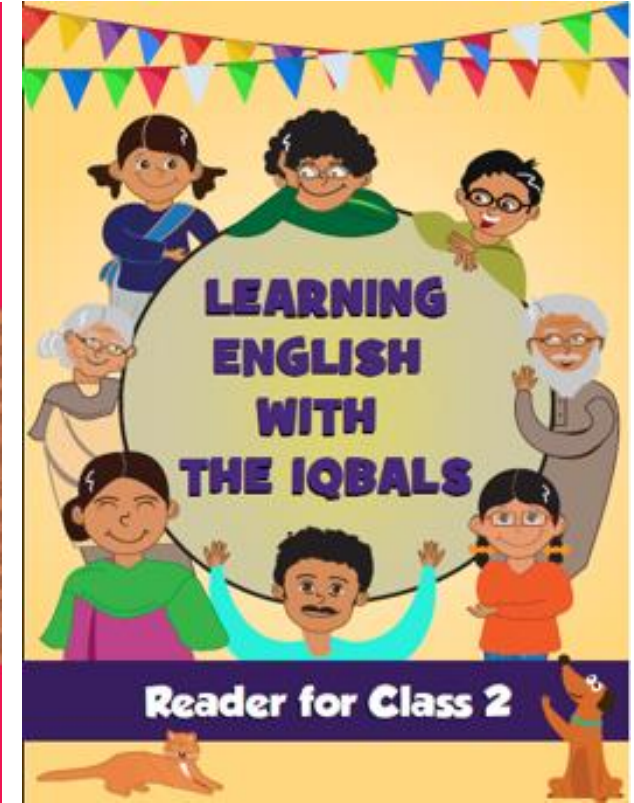

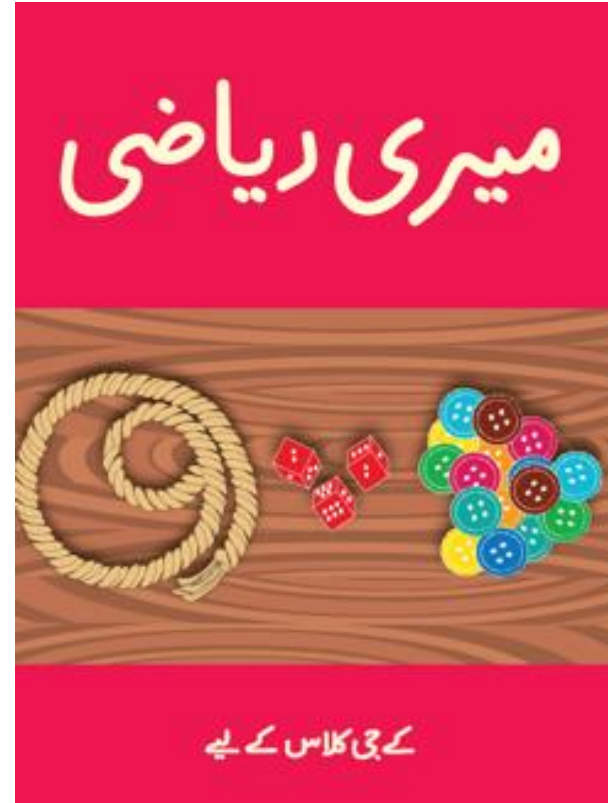

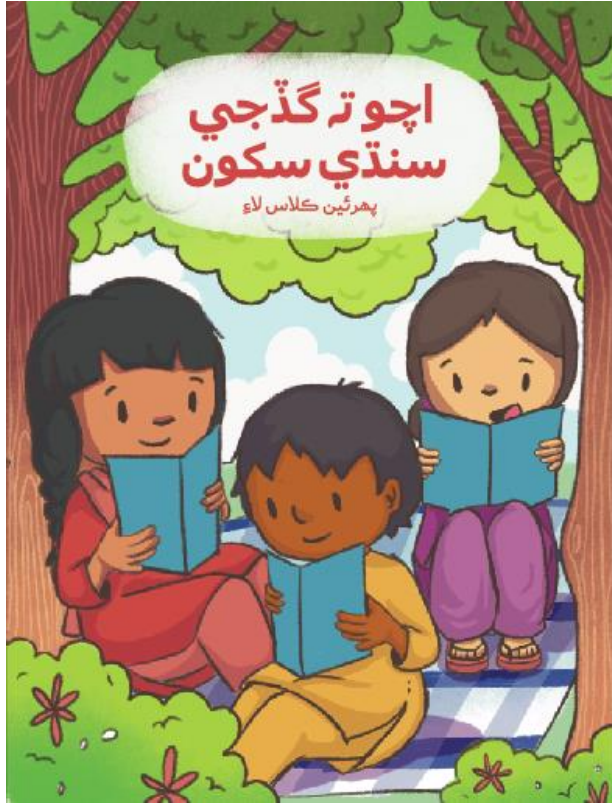

Governance

TCF teaches its students in familiar language to deliver high quality learning outcomes

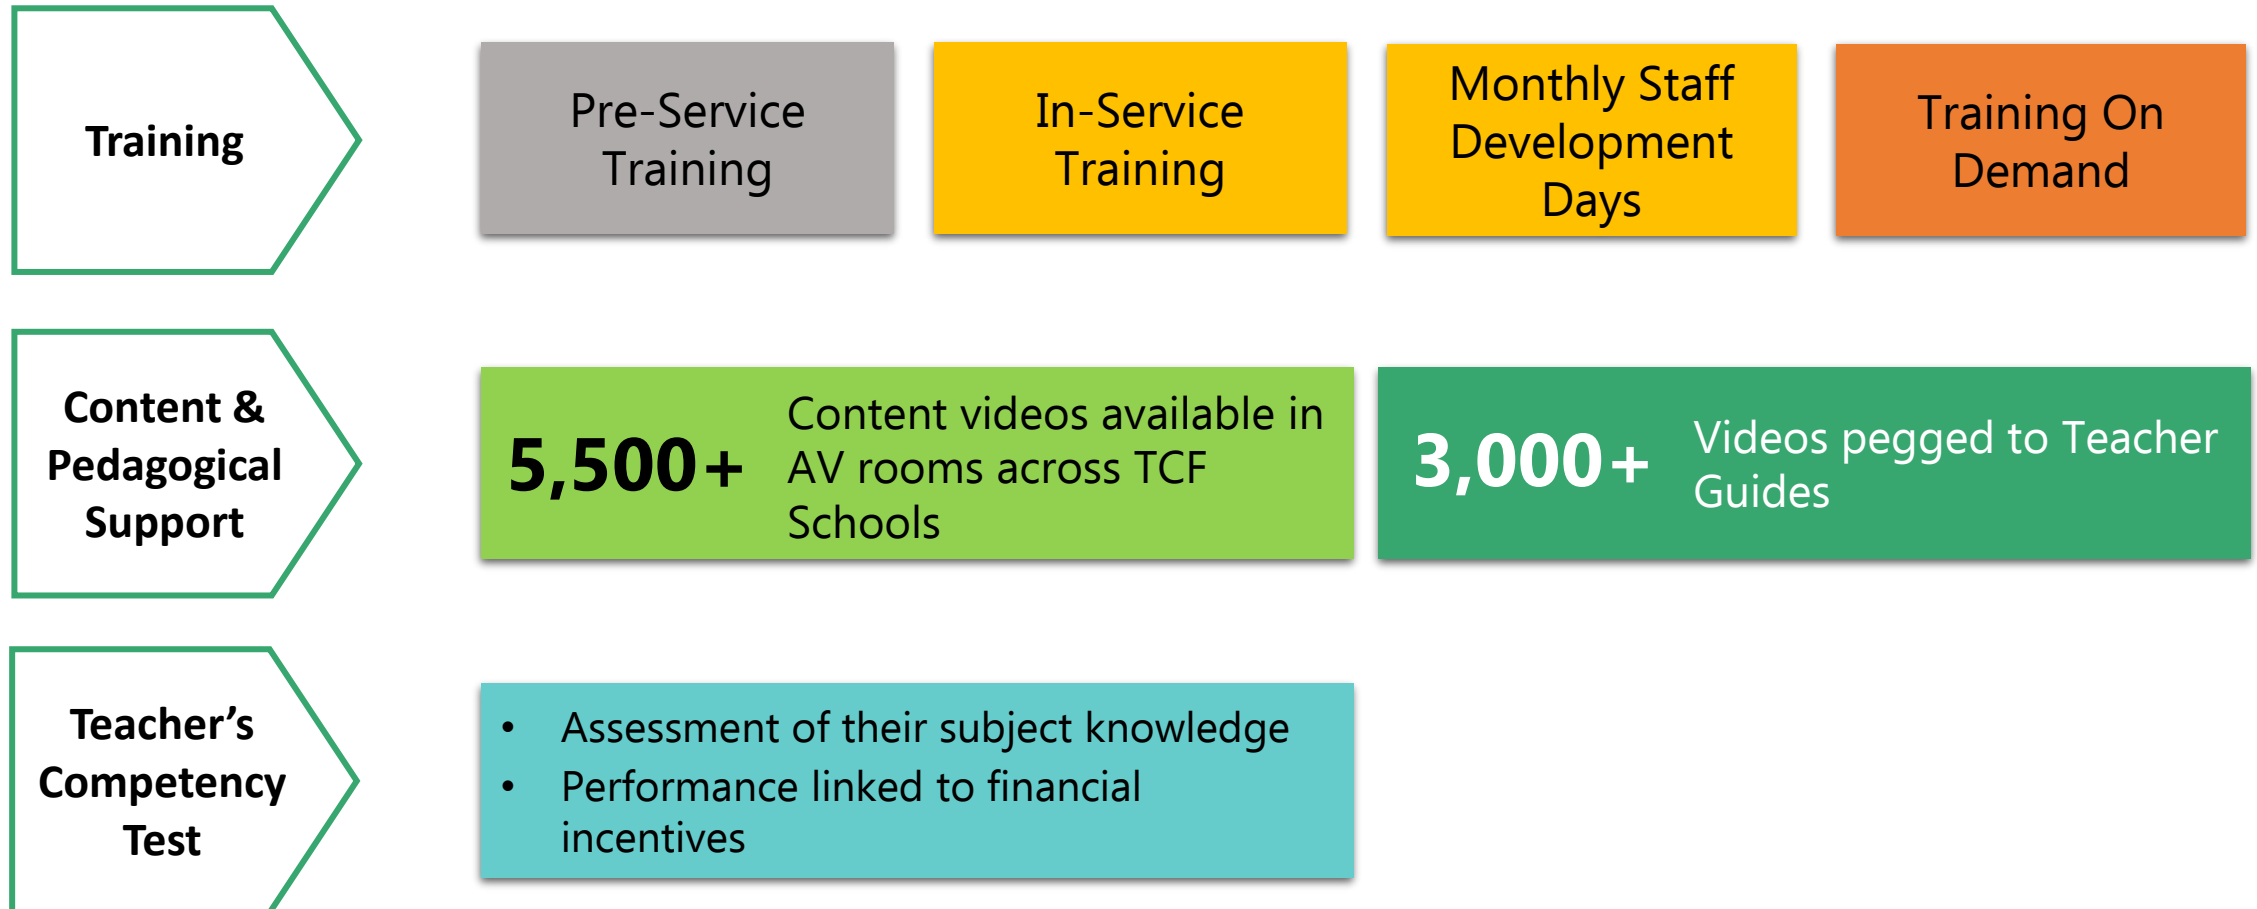

TCF children start learning in a language they understand.

- We follow Urdu as a medium of instruction in all our schools.
- We have also rolled out a pilot project for **Mother Tongue Based Multilingual Education*** in a few schools in Sindh, where students are being taught in their mother tongue, Sindhi, and later second and third languages are introduced.

We design and publish our own course books

Teachers' Professional Development

School Leadership Development

We use the Quality Principal Management Framework to maintain the quality of principals across the TCF school network
